In an effort to reduce some overhead in the church, we are always looking for alternative ways to communicate with our stewards and guests. One of the ways we accomplished some of that this year, was through the further development of our parish website and e-communication options.

We have been able to cut back on some of our printing and mailing costs by creating an electronic version of our monthly bulletin that was emailed to registered parishioners, and guests who provided a valid email address. In addition to emails, we also offered space within the monthly bulletins that stewards or guests could promote their business, recognize someone's accomplishments, pay their respects to someone who has passed away, or congratulate friends or family on recent milestones such as a baptismal, graduation, wedding or anniversary. These spaces were reserved with a small donation to our bulletin and marketing fund. You can help us continue our efforts.

If you are able to receive and view email regularly, and would be willing to receive your bulletin or special announcements in this format rather than a printed/mailed version, please check here.

If you have access to the internet on a regular basis, and would be willing to view your bulletin or special announcements at www.HolyTrinitySerbian.org, rather than a printed/mailed version, please check here.
